UNION GIANTS LOSE OUT IN RHINELANDER

Colored Boys From Chicago Meet
Defeat In Two Interesting
Diamond Battles

Intued with the enviable spirit of supreme confidence in their ability to play the national game as it should be played, enabled Manager Bell's happy organization to take both the Saturday and Sunday games from the famed colored team, The Chicago Union Giants, by scores of 13 to 4 and 3 to 2. The appearance of the giants in preliminary practice before each game were entertaining features of the afternoon exhibitions, dazzling and amusing the spectators in turn with their clownish antics and clever performances. Visions of impending defeat undoubtedly crept into the minds of the more timid "fans" particularly when the colored boys acquired three of their four runs in the very first inning of Saturday's contest. After that unfortunate round the locals settled down to business and what they didn't do, to the giants in everything pertaining to baseball. David of biblical times in ancient history, did to the mighty Goliath. Rhinelander evoked the score in the third inning, gained a lead of three runs in the fourth, maintaining that distance into the stretch when with a fresh burst of speed in the seventh and eighth innings, came steadily under the wire by accumulating six additional tallies. After the fourth inning, the visitors were retired in one, two, three order, except in the sixth and ninth rounds, when "General Lee" connected for two bases with two down and "Old Stonewall Jackson" was given a pass to first. Lee did on second while Jackson failed to sustain the reputation of his illustrious namesake for checkmating his foes, when he was defeated in an attempt at pilfering second, on Post's good throw to Ryan, who covered the bag. Helme Dies twirled a creditable game, allowing eight hits and receiving glib edged support from his comrades, not an error marring their fielding record after the initial round. With Ramsey on first in the fifth inning, Ryan jumped into the atmosphere, pulled down Jones' terrific line drive whirled and whipped the base to O'Melia, completing a lightning double play. Evidently this was the piece of defensive work which subdued the fighting spirit of the colored athletes, for after that, the visitors never appeared dangerous.

Sunday's Contest Won In The Ninth. Captain Post drove in the winning run, with his "lone, beautiful single" floating out in vacant territory to right field, with one man out in the ninth inning. Not until then did the "fans" have a chance to give vent to their true feelings of loyalty to the team and enthusiasm over a hard fought victory, for O'Melia came sauntering home with the game safely stowed away, beyond recall in Rhinelander's won column. Throughout the game, which was the most intensely exciting of the season, Pitcher Hutchinson, who occupied the mound for the locals, held the colored aggregation seemingly helpless before him; ten Giants fell by the strike out route and five were permitted to bingle safely, although widely scattered. BIG EXCURSION NEXT SUNDAY

Catholic Foresters Arrange for Picnic at Sugar Camp.

An excursion, the proceeds of which will be contributed toward St. Mary's church repair fund, will be given to Sugar Camp next Sunday, under the auspices of the Catholic Foresters.

The train for Sugar Camp will leave this city over the Robbins railroad at nine o'clock sharp Sunday morning. Arriving there a picnic will be held. There will be amusements of all kinds to keep the crowd good natured, including boating, fishing and various sports on land and water.

Judging by the advance sale of tickets the excursion will be well attended. Peter Didier and his wife had disposed of five hundred fares by last Monday evening and it is their intention to sell at least three hundred more before Saturday night. The money that is to be derived from this excursion is to be used for a worthy purpose and this in a way accounts for the generous support which the movement is receiving.

"THE LABORER IS WORTHY OF HIS HIRE"

This Has Been The Gospel of LaFollette Ever Since He Became Prominent In Public Life.

MANY YEARS AGO La Follette gave expression to the phrase, "God's Patient Poor." This was not the utterance of a mere phrase maker, it was the expression of a thought which had been burned into his soul through years of poverty and toil and struggle. By the sweat of his brow he had earned his bread. His sympathies for the poor came through association and fellowship. His friendship for the laboring man is real. It bears fruit in laws for your betterment.

Do you know, my laboring friend, what La Follette has done for you? Let me tell you about it.

Through his influence factory inspectors were increased in this state and their work made more efficient; a woman inspector was added to the force and the labor bureau was fully equipped and more efficiently administered.

La Follette helped to secure a law abolishing the rule of assumption of risk by the employee in case of defective machinery, when the employer neglects to properly guard machinery. He helped to secure the passage of a law changing the fellow servant rule of law as to railroad employees injured in the service. He helped to secure the passage of the comparative negligence act. He used his influence to secure the passage of the full crew law on railroad trains.

When a bill passed the legislature reducing the wage exemption of laboring men, La Follette, as Governor, vetoed the bill and his veto message will stand as a warning for all time against any attempt to deprive the laboring man of his constitutional guaranty.

Through his influence, while Governor, free employment agencies were established in the state and other employment offices were regulated by law in the interest of working men. During that time, also, laws were passed in the interest of children. He assisted in the passage of the law protecting mechanics' liens against contracts between the owner and builder. Laws to regulate barber shops, bakeries and sweat shops, and to promote health and sanitation have had Senator La Follette's active support.

As United States Senator, La Follette secured the passage of the first federal statute—a bill drawn by the legislative agent of the Railway Brotherhood—giving to railroad employees in interstate commerce the right to recover for injuries caused by the negligence of fellow servants and when this law was held unconstitutional, he aided in securing its re-enactment in constitutional form. As United States Senator he endeavored to secure the adoption of the block signal system on all railroads, to have mail cars lighted by electricity, and to pass a law in the interest of American seamen. As Senator he secured the passage of a law limiting the hours of service of trainmen and telegraphers engaged in interstate commerce. As Senator he secured the exemption of labor organizations from the operation of the corporation tax law. These labor laws complement other laws regulating combinations in restraint of trade, monopolies, and conspiracies to raise prices. They are only a part of the great movement begun by La Follette to emancipate the common people from the oppression of Big Business and to restore representative Government as contemplated by the founders of the Republic. Senator La Follette is giving the best of his life to the solution of these great problems. He is fighting for the general welfare against Special Privilege.

You are interested in the movement. You are a part of it. You need La Follette, and he needs you. Working with him, shoulder to shoulder, are the leaders of labor, and labor commissioners. Ask these men about Senator La Follette and his work.

Now, do you want to re-elect Senator La Follette? The foes of labor are hostile to him. Money is being used to defeat him. Men in your own ranks will be approached to assist in his defeat. Some will yield to temptation, but on the whole, the heart and soul of labor will ring true.

If you would help in the fight, look to your member of the legislature. Don't be misled. There is where the fight is to be made.

The Primary is September 6th.

ROBBERS BREAK INTO A. E. WEESNER'S HOUSE

Thieves Ransack Dahl Street Home and Take Old Coins and Valuable Jewelry.

Robbers entered the residence of A. E. Weesner at 112 E. Rives St. Saturday night and as a result of their pilfering a collection of rare coins, a valuable Shifner's pin and a gold neck chain are missing.

Ransack the House

The home had been unoccupied for several days, Mr. and Mrs. Weesner being at the lakes near Eagle River. When the lady in charge entered the house Sunday morning a sorry scene met her gaze. Every room with the exception of one bed chamber, had been completely ransacked, furniture had been disarranged and articles of wearing apparel scattered about the floor. The contents of bureau drawers and closets had been roughly overhauled.

The lady at once informed Chief Straub of her discovery and that of fier in company with Under-Sheriff Baldwin made an investigation of the premises. They found that the invaders had entered the house through the pantry window in the rear. Owing to the absence of the family it was impossible for the officers to learn what, if anything, had been taken. It was not until the return of Mr. and Mrs. Weesner Monday, that the loss became known.

The coins were mostly five cent pieces of old dates and greatly prized by Mr. Weesner. The pin and chain were both expensive articles of jewelry.

Curiously enough, two diamond pins and a gold watch owned by Mrs. Weesner were not taken although they had been removed from their receptacles in one of the dresser drawers. The police are at a loss to account for this apparent carelessness on the part of the robbers.

Spends Old Nickels

Between the hours of 10:30 and 11:30 o'clock, Saturday night, a man, who was fairly well dressed, entered Robert Olkoff's saloon on Brown Street and bought several drinks, paying for the same in old nickels. Louis Moas, bartender gave the police a good description of the fellow and it is believed that he is one of the house breakers. Later he was seen talking to three other men at the Northwestern depot and it is learned that the quartette boarded a south bound freight train early Sunday morning. The police at stations south of Rhinelander have been notified to be on the look out for the men.

Mr. Weesner has identified some of the coins at the Olkoff saloon as his property.

TROUT WEIGHS FIVE POUNDS

Large Speckled Beauty Is Caught in Parish Stream.

A speckled trout, with for weight broke all records, was caught last Friday in the stream at Parish by Willard Stevens, a Laurel, Miss., boy who is the guest of his uncle, W. T. Stevens.

The beautiful fish when placed on the scales, brought the indicator down to the five pound mark. This trout taken from any of the nearby streams. The fish was an object of admiration for all local followers of Walton. There are few accounts of speckled trout exceeding the above weight and the lad from the south is to be congratulated on his remarkable catch.

W. T. Stevens sent the trout to a tannery to be mounted.

CHILDREN HAVE PICNIC

The children of the Swedish Lutheran School enjoyed a picnic at the city park Sunday.

Through the efforts of Gust. Swedberg, superintendent of the school, five autos were secured in which the little ones were conveyed to the grounds. The machines were obtained free of charge and Mr. Swedberg wishes to thank the owners for their kindness.

CATURES CUB BEAR.

While in the woods near North Crandon, one day last week, August Ellis, proprietor of the Stevens Point hotel captured a cubbear. The little animal is considered to be about five weeks old. It is now proving a big attraction at Mr. Ellis' saloon on Rives street.

SAWTELL'S

Congressman Morse States His Position

The people in this district are entitled to know where I stand on public questions, and I shall try to make my position clear. I am a Republican and have worked faithfully for the fulfillment of all party pledges.

I believe the Republican party is progressive to the core, and I want it thoroughly understood that I am not a stand-patter in any sense of the word.

The Republican party was born to make men free from slavery, and I believe that there is vitality enough in it still to free this generation from the aggressions of Trusts and the oppression of Monopoly, and to protect the remainder of our natural resources from being plundered by the favored few to the detriment of the many.

I am opposed to that baneful blight called Cannonism, and I will fight against the whole system, and will not bind myself in any secret caucus to support Mr. Cannon or any other Representative of this system as Speaker of the House of Representatives. I voted against him before and I will do it again if I am re-elected.

I believe in being loyal to party and to party platform, but I believe that I can serve my party best by serving my people best, and I place loyalty to the interests of my district and my country far above any loyalty that I might owe Mr. Cannon or Senator Aldrich.

Two years ago you sent me to Congress pledged only to your interests. I went then, a free man wearing the tag of no Special Interest, responsible to no man or group of men for my election, and answerable only to my conscience and the people of my district for my actions. I have voted independently and fearlessly and tried to be truly representative of all.

I believe that you want as your Representative in Congress a man who will represent your interests, who will not answer the crack of the party whip, nor be bound by secret caucus, nor be bluffed by the loss of patronage if bought by the promise of it. Therefore I solicit your votes.

Very truly,
E. A. MORSE.

will at once commence explorations. The land will be thoroughly explored in a systematic way and nothing will be left undone to open up a mine there. It is the opinion of mining men that a rich body of ore exists on "24."

Wausau—The American Timber and Investment Company is being organized by E. J. Anderson and sons, F. W., R. E. and H. D. Anderson. The company will control about 20,000 acres of timber land. The estimate of the standing timber on the land is 200,000,000 feet. The company will incorporate with a capital stock of \$300,000.

Wausau—Geo. Lemierx of this city, a mechanic, has patented a mail delivery device which he says will transfer mail to trains where the train does not stop without injury to the sacks or contents. The device is a cylinder of simple construction. Mr. Lemierx will endeavor to induce the government to adopt its use.

Ladysmith—More money is needed to build Rusk County's new training school. It has been found that the \$10,000 appropriated for the structure will not be sufficient and the committee in charge has asked the county for an additional appropriation of \$5,000. Nothing has yet been done regarding the request but the county board members express themselves as favorable to granting the money.

New London—There is talk of this city selling its park for building sites. The argument presented in favor of this plan is that the park is in a poor location, is never given any care, is seldom frequented by the people and in reality is a reproach to the city. The suggestion is made that the city take the money received from the sale of the park and invest the sum in driven wells so that the residents could be supplied with good drinking water.

Stevens Point—During an electrical storm lightning struck St. Bronislava's Polish Catholic church at Plover and set it on fire. The structure valued at \$30.0, was entirely destroyed.

Superior—The police are searching for the parents of a male infant that was left in a basket at the home of Mr. and Mrs. Hahon T. Ronsing 1607 Elmira Avenue. The child is only a few days old and was left on the Ronsings' door-step during the middle of the night. He was wrapped in a piece of woman's wearing apparel and attached to the clothing was twenty-five dollars.

Marquette—John Murphy, the five year old son of J. B. Murphy of Channing, Mich., was shot and killed by Dyras Sceele, thirteen years old, Thursday afternoon. Sceele is under arrest charged with murder and it is said that he confessed that he committed the crime. The motive for the shooting is that Murphy's parents forbid him to play with Sceele. This angered Sceele and with a shot gun he shot the little boy in the back of the head. After committing the crime he scouted the body in the woods.

ORGANIZES SUNDAY SCHOOLS

Rev. Laporte returned yesterday from Forest and Florence counties where he organized two Sunday schools. He says that throughout that territory he conducted successful meetings and the people are very much interested in religious work.

As a Sunday school organizer, Rev. LaPorte has succeeded in establishing schools in all parts of northern Wisconsin. He has perhaps done more toward bringing religious teachings into the homes of the back woods people than any man in this portion of the state. He works in districts where churches are unknown.

BIG BASE BALL DANCE

On Thursday evening August 25th the base ball team of this city will give a dance at Gilligan's hall. The money netted from this dance will be expended toward the support of the team. It is hoped that every one who believes in maintaining a first class ball nine, such as Rhinelander has, will help in this cause. Even if you don't dance buy a ticket and help the boys. If you do trip the light fantastic don't fail to attend this party for you are bound to enjoy yourself. The Military orchestra furnishes the music.

HAD MANY FRIENDS HERE

Judge W. F. White of the municipal court at Antigo, and who had a number of friends among the people of Rhinelander, died Saturday evening. He had been ill several months. He came to Antigo twenty-five years ago and practiced law until he was elected municipal judge eight years ago.

THREE MORE ARRESTS

Three more men have been arrested in connection with the Northwestern railway robbery case at Hortonville. They are Earl Murphy, brakeman, Oshkosh; John McNeil, formerly a brakeman, Clintonville; R. Walsh, stationman, Antigo. Earl was furnished

FUGITIVE SIX YEARS; ARRESTED BY POLICE

Joe Taylor, Who Escaped From Merrill Jail Six Years Ago, Is Caught Here.

Joseph Taylor, alias Joseph Gregory who escaped six years ago from the Lincoln County jail at Merrill, and who was re-arrested by the police in this city Saturday, pleaded guilty to the charge of grand larceny in circuit court at Wausau, Monday and was sentenced by Judge Reid to eight months in state prison.

Coverpowers Sheriff's Wife. Taylor, the name by which he is more frequently known, was arrested at Tomahawk six years ago on the charge of robbing a man of forty-five dollars. In municipal court at Tomahawk he entered a plea of not guilty to the charge and was bound over for trial before the circuit court of Lincoln county.

While in the Merrill jail Taylor expressed a desire to plead guilty before Judge Silverthorne. On the day before he was to come before the court he and a companion prisoner were left alone in the jail while the other inmates were put to work on the street. During the absence of Doc Hoffman, then sheriff of Lincoln county, Taylor and his pal overpowered the sheriff's wife and made their escape.

Ex-Convict Recognizes Taylor. About two years ago Taylor came to this city and secured employment. He had always conducted himself here in an unobjectionable manner and was regarded by his fellow men as an honest, industrious and respectable citizen.

Taylor met his undoing last Saturday. When on the street he was recognized by John Cole, who was a prisoner in the Lincoln County jail at the time Taylor was there and made his escape. Cole, it seems, bears a long standing grudge against Taylor and lost no time in disclosing the man's identity to the police.

Chief Straub at first was inclined to doubt Cole's story but he immediately got in communication with Sheriff Maas of Lincoln County and after that official had glanced over the records he found that Taylor was wanted there.

Offices O'Malley and O'Brien arrested the man and he was held in the County Jail until the arrival of Sheriff Maas.

Upon his return to Merrill the prisoner at once identified his desire to plead guilty to the original charge against him, grand larceny, and he was taken before Judge Reid at Wausau. Taking into consideration the fact that Taylor has been leading a straight forward life since his trouble, six years ago, the judge was lenient with the man and imposed a light punishment.

Cole, the man who told the officers of Taylor, has served a term in the Waupun prison and bears an unsavory record.

WHY HE LIKES THE NIGGERS

Col. James Tufts, who came down from Conover Friday for a stay among his friends, says that even though it was a colored man who defeated Jeffries, he still has considerable respect for the "niggers".

The colonel expresses his attitude toward the colored race as follows: "The niggers are all right, sir. If it hadn't been for them there wouldn't have been a civil war and if there hadn't been a civil war I wouldn't be drawing a pension. Yes sir, I can't help but think a heap of the niggers."

ATTENDS BIG CONCLAVE

Mr. and Mrs. O. A. Kolden returned Saturday from Chicago where they spent a week. When they left this city they intended to go to New York, but later decided to remain in Chicago in attendance at the Knights Templar convlave.

Mr. Kolden says that 750,000 visitors attended the gathering. Despite the large crowds hotel accommodations were good and there was no trouble in securing suitable lodgings. One hundred bands of music took part in the Knights Templar parade which was four hours in passing a given point.

SUSPECT IS DISCHARGED

From the Hurley Miner it is learned that Frank Murray, who was arrested in this city, a short time ago, on suspicion of having participated in a safe robbery at Iron Hill, was discharged by Court Commissioner Reed of Hurley owing to lack of evidence.

CAMPELL CIRCUS IN WRECK

Show Special Collides With St. Paul Passenger Train.

The train of Campbell Brothers' circus, the show which appeared in this city last Thursday, collided with a Chicago, Milwaukee & St. Paul passenger train at Babcock early Tuesday morning. One man was killed and several others seriously hurt.

The circus train was standing in Babcock ready to pull out when the passenger train, northbound, arrived in the village and took the same track, the trains meeting head on.

The engine, mail car and baggage car of the passenger train and the engine and several cars of the circus train were badly wrecked.

Several animals of the menagerie were killed.

The Campbell show is playing in bad luck this season. A short time previous to coming to Rhinelander the circus was in a wreck in which many of their trained ring horses were killed and injured.

FOR ATTORNEY GENERAL

Frank T. Tucker, candidate for Attorney General is now Assistant Attorney General. He has had a large experience to fit him for the office. Vote for him, September 6th.

MEAT TAKES A DROP

Meat took a sudden drop in price yesterday morning when the horse attached to Smith & Gleason's delivery cart ran away on Stevens Street. Pork chops, steaks and fancy roasts fell from the rig and distributed along the streets. In front of the Hotel Fuller, the team owned by Nixon, the dray man, frightened by the approaching horse, started to run away but the animal stopped before they had made much progress.

The market horse ran off the street at the Daniels block and was brought to a stop in the rear of the Onida Gas Company's office. The damage was slight.

Appetite Gone

Your strength is failing; what little you eat distresses you; you are bilious, have headache, backache, feel blue and melancholy, and can get no rest or sleep. It is a case of unstrung nerves.

Dr. Miles' Nervine is prepared for just such conditions, and seldom fails, because it soothes irritated nerves, and assists the nerve cells to generate nerve energy.

"I was weak, nervous, had no appetite, no ambition," was nervous and easily excited. Doctors gave me medicine. I began taking Dr. Miles' Nervine, and am now perfectly well. Less than 100 cured me."

New North Printing Company.

THE PROGRESSIVE CANDIDATES

Following is a list of Progressive candidates. Read it often enough to become familiar with the names and the offices for which they are named:

For United States Senator—Robert M. La Follette.
For Governor—Fran E. McGovern.
For Lieutenant Governor—Thomas Morris.
For Secretary of State—Jani A. Frar.
For Treasurer—Andrew H. Dahl.
For Attorney General—F. T. Tucker.
For Commissioner of Insurance—Herman L. Eckern.
For Congress—Elmer A. Morse.
For Assembly—D. B. Stevens.

In fairness to William Mitchell Lewis we wish to say he is a progressive, but we feel his candidacy is infected into the campaign to call the attention of the voters from the main question. The real question is, who shall rule the people or the Special Interests? If you wish the people to rule vote the above ticket.

If you want La Follette for U. S. Senator vote for La Follette on primary day, Sep. 6, and also D. B. Stevens for the assembly.

Congressman Lenroot, in his speech Tuesday night proved conclusively that Congressman Morse should be returned to Washington as a representative of the people.

Congressman Lenroot says that a legislative candidate who will not abide by the primary for U. S. Senator should not be trusted by the people. Such a candidate is E. A. Everett.

Our stalwart Republican friends object to the progressive Republicans voting with the Democrats in congress for good measures. Do they remember when they themselves voted for the Democratic candidate, Rose for governor who stood for corruption in public office and was controlled by the official interests? Doesn't this show that the stalwarts care nothing for party loyalty?

Assemblyman D. B. Stevens, who is seeking renomination, promises to take the advice of the people and vote for that candidate for U. S. Senator whom the people of the state nominate, be the candidate Cook or La Follette. Isn't that fair and square? That would make it hard for Connor or anyone else that has an aspiration for the Senate, to sneak in.

TURN HIM DOWN

Republicans, what do you think of Mr. Everett's position not to be governed by the primary in the selection of a U. S. Senator? Can you believe that he is wiser than you who would nominate him? The best thing to do is to turn him down on primary day. It looks as if he were a part and parcel of the gang that desires to take the government out of the hands of the people and give it over into the hands of the old railroad, big interest gang who rob by getting legislation favorable to themselves. Mr. Everett won't even promise openly to support Cook for U. S. Senator. Perhaps it is Connor's game to have Everett put him in for senator or some one that he could control. The Everett-Connor arrangement is not trying to tell the people what they intend to do. Oh, no. The people would probably not agree with them.

HE STATED FACTS

Did you hear Congressman Irvin? Lenroot at the Republican Rally Tues

day night? If you did you know that he wasn't bent on keeping the actual knowledge away from the people. He told them plainly about everything, and gave people the chance to read for themselves from public documents. He showed plainly that there was some rotten work done at Washington by the Republican party and that Aldrich, Cannon, Hale and Stephenson worked continually against the interests of the people and against the declaration of the Chicago Republican platform. On the other hand he showed that Republicans like La Follette, Morse, Dolliver, and Cummins worked night and day in the interest of the people, and to keep the pledges of the Chicago Republican platform. You are now certain that the Aldrich-Cannon strip of Republicans will try to keep the people in the dark, while the La Follette-Morse kind of Republicans desire to give the people the information that they should have and let them decide what is for their own good.

TAFT MAY INTERFERE

The self-designated "Taft" Republicans in Wisconsin are likely to be ordered to cease their opposition to the re-election of Senator La Follette. Back of such instructions would be no less important a personage than President Taft himself. The authority for this statement is The New York Evening Post, which, in confirming the news that the president would get rid of the Aldrich-Cannon-Balinger byrden says:

"In the west the announcement will have important bearing on senatorial elections that are to be decided this fall. The most important will be in Wisconsin and Indiana, where La Follette and Beveridge are up for re-election. At the Wisconsin primary it is expected that the senator will win at the Regulars have been talking about ignoring the primary and electing another man when the legislative convenes. In view of the president's attitude, such a plan would surely be abandoned, while in Indiana the passing of Aldrich and Cannon would tend to put back of Beveridge, who was a savage fight on his hands, a reunited party."

DON'T BE DECEIVED

The greatest question in the present campaign is whether the people shall have control of their own government and be properly represented in the national legislature and is not county option. County option is a great question and has arguments on both sides but it is unjust to inject it into this campaign, unjust to the voters who are apt to be misled by it.

Let every true Progressive refuse to be misled and do not split your vote but cast it for Francis E. McGovern, who has earned the right to our support by his untiring efforts in the past.

D. B. STEVENS FOR THE ASSEMBLY QUESTIONS.

Has he an honest record?
Can you rely upon him to fulfill his pledges?
Have we not some important local interests to consider?
Is not the people's choice paramount to all others?
Is it good policy to attempt to sacrifice your own citizen?
Will it be a pleasure to inform the public that one of your best citizens is blacklisted, and denied a customary second term, and a foreigner given a third term?
If these are fair questions, why are they to be ignored?
Consider your best interests and vote for D. B. Stevens.

GOMPERS PRAISES INSURGENTS

Samuel Gompers, president of the American Federation of Labor, speaking in Racine on Saturday, declared that although he has no party affiliations he believes in the insurgent cause Mr. Gompers said:

"I would vote for La Follette if that were the last thing I could do on earth. I stand by Senator Cummins and by Cooper, Madison and other congressmen of principle, who have stood for justice and for the good of the people. I am neither a Republican, a Democrat nor a Socialist, but I stand behind the progressives in Congress who demand justice for man against class."

Mr. Gompers said Speaker Cannon is the greatest menace to American political life and a stumbling block to civilization.

THE MASK IS OFF

No longer can any doubts exist as to just what are the principles for which the Philip-Connor-Fairchild campaigners are fighting. E. L. Philip himself, at considerable length and apparently with greatest pains, has made them clear. They are Standpattism and reaction, pure and simple. All masks are off. The issue now is clear and well-defined.

In a lengthy article, "Insurgency is Familiar System" Mr. Philip makes his position clear. It is printed under his own signature. It must, therefore, be a correct state-

ment of the facts, as he views them. And for what, then, does Mr. Philip stand?

First of all he defends the rules of the House of Representatives. He condemns, by implication at least, the Progressive Republicans who fought against them on the floor of the House. The fight for the people's rights he characterizes as a bid for publicity.

He defends Cannon. The fight against Aldrich is made, he says, because it is "profitable." "Cannonism" and "Aldrichism" he defines as "two terms invented for political convenience." The Progressive fight he sums up as "whining" and the Progressive Republicans as "snapping, snarling, snoring." Henceforth, no man can doubt where E. L. Philip stands.

But it was this same Philip who not only conceived, called and engineered that Milwaukee Convention last June but who chose the delegates to it. To him the credit for it was given. He it was who was praised for making it what it proved to be.

It was this Philip Convention that elected William D. Connor to conduct the campaign for the things for which it stood. And it is this same Connor who is using every means at his command to compass the defeat of Robert N. La Follette for United States Senator and to insure the election of Edward T. Fairchild as governor.

Philip has shown what it is for which the fight is being waged. In the lists against him are La Follette for Senator and McGovern for Governor. Who do you want in power, La Follette Republicanism, or a Philip-Connor-Fairchild regime with Tory and reaction? It is for you to say.

"THE MAN IN THE MOON"

Said the man in the moon to the woman with a very mysterious air (We know that there must be a woman or why would that man be up there?) "I've just had a message by wireless from the people on earth down below, that Chi-Namel will give the old woodwork, a beautiful polish and glow." Chi-Namel is the easiest working varnish stain for the woman in the home to use herself. All colors, all size packages for sale at our store. —T. C. Wood Hdw. Co.

There is no change in the condition of Mrs. Geo. Stone, who is seriously ill at her home on Anderson street.

THE LIMIT

(By Mabel G. Dockstader)
For years and years old Titewad Never bought a thing in town, Unless 'twas at a sheriff's sale Where prices were way down. He sent to Rears and Hoeback For every blessed thing. From a "New Style" separator To a measly fiddle string. The women brought their truck in And sold it to Merchant Nash But never did no tradin' Sayin' "They preferred the cash. Old Titewad dasset show his face At town meetin', lodge or show, And the women wasn't welcome, Which the neighbors let 'em know. Their only toy d'ed ye's ago. Consumption took him off. 'Twas from a sweat shop suit clothes He got his killin' cough.

The girls haime never married; Our boys said: "As they care So much for Rears and Hoeback Let 'em pick their husbands there! Old Titewad died the other day. And they tried to make a show With a fine imported casket, But there didn't no one go. His family followed to his grave And stood around and cried; But sorrowing friends and neighbors Rears-Hoeback can't provide.

Another Polar Episode.
He was making a dash for the pole in an automobile.

Suddenly the engine refused to work.

He was in the middle of a terrible ice field. His provisions had given out. He felt the cold chill creeping over him, and he knew he couldn't exist much longer. His limbs stiffened and his hands became numb. The end was near. He was giving up.

And then, like a flash, an idea came to him. He lay flat on his back with his head directly under the automobile's radiator.

He opened his moth and turned on the faucet.

The small stream of antifreeze trickled down his throat. He was saved!

Strength of Love.

Love feels no burden, thinks nothing of trouble, attempts what is above its strength, pleads no excuse of impossibility; for it thinks all things lawful for itself, and all things possible. It is, therefore, able to undertake all things, and it completes many things, and warrants them to take effect, where he who does not love would faint and lie down.—Thomas a Kempis.

Women as Jewelers.

One of the uptown schools in New York recently has admitted several young women to its gem-cutting class, and the girls are making as much progress as the young men. A jewelry shop has been opened on upper Seventh avenue, and none but women are employed there. A woman mends jewelry that is brought in, a woman sets stones, a woman makes all the wholesale purchases and still another waits on the customers in the shop. Several of the large diamond-cutting firms have lately employed women in their workrooms, and when women have once taken a good hold on the business, there's no telling where they'll end. Certainly there should be some startling ideas brought out in new jewelry.

Poverty's Handicap.

Measurements made in London schools prove that the children of the well-to-do are better grown for their age than the children of the poor.

STEALS HER CHILD

Chief Straub has received a letter from Mrs. Eloise Barrow of Houston, Tex., asking him to be on the lookout for George Gordon Martin, whom, Mrs. Barrow claims, ran away with her daughter, a girl fourteen years of age. They are now believed to be in some part of northern Wisconsin.

Martin, who sometimes goes by the name of Stearns and Wilson, is described as sixty years of age, five feet eight inches in height, weight 175 pounds, dark complexion, brown eyes heavy eye brows, gray hair and well built. He is of French nationality.

DEATH CALLS YOUNG MAN

Harry W. Knapp Passes Away—At Prosser, Wash.

The profound sympathy of the entire community goes out to Mr. and Mrs. E. W. Knapp, of the town of Sugar Camp, in their late affliction, the death of their son, Harry, which occurred at Prosser, Wash., Monday August 8th. The young man's sudden demise came as a sad surprise to his large retinue of friends in Rhinelander.

On Saturday August 6th, Mr. and Mrs. Knapp received word from Prosser announcing their son's serious illness. They left the following morning for that city but Harry passed away before their arrival.

He had been ill scarcely one week, the nature of his ailment being acute nephritis.

Harry W. Knapp was twenty-eight years of age. He grew to manhood at Antigo and four years ago came to this city, securing a position at Gary & Danielson's clothing store. After leaving that firm he became associated with his father in the management of Knapp & Jones' resort and store at Sugar Camp. Early last spring he went to the west and had since resided at Prosser, Wash., where his uncle is in business. Harry possessed a sunny disposition, made friends readily and was always the life of every gathering. That he should be taken away at the very dawn of his career makes his death seem doubly sad.

Aside from his grief stricken parents he is survived by two sisters, Miss Elizabeth Knapp and Mrs. H. A. Jones of Sugar Camp.

The remains arrived in the city over the Soo railway, Wednesday morning, and the funeral was held at ten o'clock from the residence of Atwood Smith on Dahl street. Rev. Carl Ludwig of the M. E. church conducted the services and music was furnished by the quartette. There was a profusion of beautiful flowers.

Deceased was a member of the K. of P. and M. W. A. lodges.

OWING to the fact that the firm known as the PEOPLES SAVINGS STORE has quit doing business under that name and formed a new company to be known as the KOLDEN DRY GOODS CO. I personally wish to thank all my patrons who have helped to make this store what it is today. There is one thing I will always feel proud of to think that I was able to build up such enormous trade on only carrying high grade goods. It has always been my aim to first consider quality before price and this I believe accounts for my success. People have sometimes gone away thinking they could do better elsewhere, but after comparing our qualities and prices with others they ALWAYS COME BACK.

The aim of the new firm in the future, providing trade keeps on increasing and a suitable location can be had, will be to put in a regular department store, but while we are waiting we have added a balcony in the rear end of our present store for ladies' ready to wear department and the basement will be remodeled for all kinds of draperies, carpets and rugs, don't forget to visit the basement after we get it finished.

Again I wish to thank you for your past patronage and hope you will still continue doing your shopping at KOLDEN DRY GOODS CO.

Sincerely yours,
O. A. KOLDEN.

CAMPBELL BROS. FAIL TO SATISFY CROWDS

Circus Last Thursday Is Not As Advertised—People Far From Pleased.

Nearly the entire amusement loving population of Rhinelander turned out last Thursday to attend the two performances of the Campbell Brothers' Great Consolidated Shows.

The circus, which travels on a train of twenty-six cars, was late in arriving in this city over the Soo line from Hermantown, Mich., where it appeared the day before. It was not until the noon hour that the big tents were erected and at one o'clock the "grand, brilliant parade," as advertised on the bill boards, passed down the principal streets of the city.

The pageant was a long one, but lacked the glitter and glamour that the lithographs depicted. The wagons appeared ancient and dilapidated and the uniforms were old and shabby. There were but few open acts and no imposing floats such as are usually seen in the ordinary circus procession. In fact the people, who had been waiting for two hours in the hot sun for the approach of the spectacle, were not backward in voicing their disapproval. The camels, elephants and steam piano were about the only special features of the parade.

Big Show Is Fair.

The performance given under the big top in the afternoon was fair and nothing more.

The acts that elicited the most attention of the audience were the Lamy Brothers in their aerial act, the Younger Brothers in stutney posing and Capt. Dinutris troupe of Russian Cossack rough riders. The performing elephants were also well trained and executed some clever stunts.

The ring horses were scarcely up to the standard and the riding could have been greatly improved upon.

The marvelous Renello, who was advertised to turn a complete somersault on a bicycle while leaping the gap, failed to appear. It is reported that he missed the train at Hermantown.

The clowns made a feeble attempt to be funny and some of the audience did manage to smile.

The evening show was attended by a very small audience and the performance was hurried through at lightning speed. The circus left the city at midnight Thursday for Tomahawk.

The attaches of the show were a rough, dirty looking pack of individuals and decidedly of the tough element. During the afternoon two colored men, members of the side show band, engaged in a fist encounter with the result that one was arrested. Before Judge Walker the black man pleaded guilty to a charge of disorderly conduct and paid a fine of ten dollars and costs. Some of the lemonade and peanut "butchers" attempted the short change game on a few of their patrons but with little success.

When the Campbell Brothers were in Rhinelander, four years ago they presented first class exhibitions but this time they failed to give satisfaction.

The city has had two tent shows of this character this year and the majority of citizens feel that they have been sufficiently imposed upon by such second rate attractions. Rhinelander is considered as an excellent circus town and it is hoped that next season one of the large shows, such as Ringling Brothers, will visit here instead of a circus of an inferior type.

NOW THEY ARE MARRIED

Miss Anna Adams Becomes Wife of Washington Man.

A pretty home wedding took place at high noon Wednesday at the residence of Mrs. Carrie L. Adams, 511 Thayer street, when her daughter Anna Marshall Adams, became the bride of Mr. Hartley Harrod Thompson Jackson of Milton, Wis.

The ceremony was performed by Rev. Chas. A. Adams of Merrill, a cousin of the bride, in the presence of a small party of relatives and friends of the young people. The attendants were Miss Elizabeth Jackson of Milton and Mr. John Adams.

The house was attractively decorated for the occasion with ferns and sweet peas. Following the marriage the party partook of a sumptuous dinner.

The bride is one of Rhinelander's most charming young ladies and among her many friends is esteemed and popular. The fact that her recent step is to take her away from the city is much regretted by all.

Mr. Jackson, while a stranger in the city, has made a very favorable impression among those who have met him. He was formerly an instructor at Wisconsin University and now holds a position in the Bureau of Biological Survey, Washington, D. C.

Mr. and Mrs. Jackson left Wednesday afternoon for Big St. Germaine lake where they will spend their honeymoon. After returning to Rhinelander for a brief visit they will depart for Washington, D. C., where they will be at home to their friends after September 1st.

Mrs. F. D. Arnold and children returned Friday from a visit at Medford and Prentice.

POSTAL SAVINGS BANK

Postmaster Alban Applies For One
For This City.

Postmaster S. H. Alban has made
application to the postal depart-
ment for the establishment of a pos-
tal savings bank at the Rhineland
office. Many applications have been
made for these banks by postmasters
throughout Wisconsin.

T. W. Brahany, writing from Wash-
ington to the Milwaukee Sentinel,
says that several Wisconsin postmas-
ters have advised the department
that there is a great local interest
in the new system, especially among
foreigners, who aim to make small
weekly savings from their earnings.
Work on the preliminary plans for the
establishment of the new system is
going forward with vigor and it is
likely that half a dozen or more ex-
perimental banks will be in operation
in two or three months.

THEY HAVE A

DEFINITE PURPOSE

Foley's Kidney Pills give quick re-
lief in cases of kidney and bladder
ailments. Mrs. Rose Glaser, Terra
Haute, Ind., tells the result in her
case. "After suffering for many
years from a serious case of kidney
trouble and spending much money
for so called cures, I found Foley Kid-
ney Pills the only medicine that
gave me a permanent cure. I am
again able to be up and attend to my
work. I shall never hesitate to re-
commend them."

NEWSPAPER SPACE.

Every line in a newspaper costs its
publisher something. If it is to ben-
efit some individual he may fairly ex-
pect to pay something. You do not
go into a grocery and ask the pro-
prietor to hand you out ten pounds
of sugar for nothing, even though
the grocer may be a personal friend
and even though the gift might not
be a large one.

If the beneficiary of advertising
does not pay for it, the proprietor
has to settle the bill. Nevertheless
many people cannot seem to learn
that a newspaper pays its expenses
by renting space, and that it is just
as much entitled to collect rent for
every day that space is occupied as
you are for the house you rent to a
tenant.

Most newspapers expect to treat
religious and philanthropic enter-
prises liberally, yet in spite of this
many of these enterprises expect the
newspaper to give them space rent
free, while they carry their job print-
ing to some other shop. The place
for them to look for support, is al-
ways their patronize.

Religious organizations, we are
sorry to say, are the worst offenders
in this line that we have to deal with.
We believe that we are just as good
Christians, and are just as generous
as the average merchant on the
street. We therefore cannot under-
stand why we are repeatedly re-
bought to give away our goods to
people who would never think of be-
gging cream from the milkman or col-
fee from the grocer. Exchange.

CHECK FORGER BUSY

Report has it here that two Wood-
ruff saloon keepers were victimized
out of about twenty dollars each Mon-
day by a check forger. The fellow
who was attired in the garb of a
woodsman, cashed two checks which
bore the name of a well known lum-

boarded a north bound Northwestern
train and as far as is known is still
traveling.

RHEUMATIC FOLKS

Are You Sure Your Kidneys Are
Well?

Many rheumatic attacks are due to
uric acid in the blood. But the duty
of the kidneys is to remove all uric
acid from the blood. Its presence
there shows the kidneys are inactive.
Don't daily with "uric acid solv-
ents." You might go on till dopin-
g day with them, but until you cure
the kidneys you will never get well.
Doan's Kidney Pills not only remove
uric acid, but cure the kidneys and
then all danger from uric acid is
ended. The following testimony will
convince the most skeptical Rhineland
citizen.

Patrick Kelroy, Eagle River, Wis.,
says: "I suffered from kidney trou-
ble and rheumatism for several years
and at times I felt miserable. It
began with pains in my back and
sides, followed by a dull, dragging
feeling that clung to me most of the
time. My kidneys were inactive and
the secretions were very unnatural.
After trying various kinds of medi-
cine to no avail, I got a box of
Doan's Kidney Pills and began using
them. They gave me prompt relief
and have steadily been getting bet-
ter since then."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,

JUMPS HIS BOARD BILL

Bullman Arrested, Here Now In
Grand Rapids Jail.

Mace Bullman, formerly of Marsh
field and acquitted to a certain ex-
tent in Grand Rapids, was arrested
at Rhineland last Saturday by the
chief of Police of that city and
brought here Sunday by Under-
sheriff Michael Mason. Bullman
who is charged with having been
a board bill of considerably over
\$100 at the Hotel Julien, was ar-
ranged before Justice Brown on Mon-
day and plead not guilty to the
charge. On the defendant's motion
the case was adjourned until the 13
of August. Ball was fixed at \$250
and in default thereof, Bullman has
engaged a room at the county jail—
Grand Rapids Tribune.

Bullman was arrested in this city
by Officers O'Malley and O'Brien as
he alighted from a night train at the
Northwestern depot. The officer
recognized the fellow from descrip-
tions received of him from the Grand
Rapids police. Bullman is a neat
dresser, smooth talker and has a
the appearance of a prosperous busi-
ness man rather than a crook. It is
learned here that he agreed to marry
a woman hotel keeper at Grand Rap-
ids and on the strength of this prom-
ise boarded at her place for several
months, then disappeared.

MR. DAHL'S ANNOUNCEMENT

I hereby announce my candidacy for the office of state treasurer on the republican ticket, subject to the approval of the voters at the September primaries.

During the past four years I have attempted to the best of my ability to conduct the affairs of the office of state treasurer strictly along business lines. I have tried to render prompt and efficient service to the people of the state, with the minimum amount of office force and expenses, and the least possible red tape. In fact, I have conducted the affairs of this office as I would my private business.

If I should again be honored with another term, I feel that my experience will enable me to further improve the service, and to this end I pledge my very best efforts.

If my services have been satisfactory, I respectfully solicit your support at the primaries on September 6th next. Yours very truly, ANDREW H. DAHL, Madison, May 19th, 1910.

UNION GIANTS LOSE OUT IN RHINELANDER

Colored Boys From Chicago Meet Defeat In Two Interesting Diamond Battles

(Continued from page 1)

The lads, who winter along State street, lost no time in making a bid for the game in the first inning. Ramsey, was presented with a gift to first on four wide balls, stole second and came home when "Fielder Jones" singled safely to left field. Parks gauged a wild pitch, after having two strikes and took first when the ball passed Post, Jones going to third. Jones thought he saw a signal flashed for a squeeze play, only Jackson failed to connect, resulting in Jones' demise half way between third and the plate. Gordon grounded sharply to Kraemer, who fielded the ball to Ryan, forcing Parks at second. Ryan lined to O'Mella's beating Gordon's brilliant double play. One run. Rhinelander ended up matters in the second, when Post led with a single over second, was sacrificed through Jastram's perfect bunt in front of the plate, and scored when Clifford doubled to right after Flanagan rolled an easy one to short for Post out at first. Bies also met a similar fate.—One run.

Both teams were blanked in each succeeding inning until the fifth, although the locals had men on bases in every round, but were unable to fathom Harvey, who recently pitched brilliantly against Merrill, shutting that team out without a hit or run. Nease for the Giants opened the inning with a sizzling grounder, over third and went to second when Lee, stopped one of Hutchinson's last stoops with his head. Jenkins running for Lee, who temporarily retired from the game, was forced at second on a grounder to Kraemer. Ryan, Ramsey's single brought Nease home and the former perished on first during the interval of Jones' fanning base, while Kraemer was "browning Parks" out at first.—One run. Rhinelander once more tied up the score in the sixth. Jastram broke open the inning, doubling to right. Flanagan sacrificed and reached first safely on Harvey's wild throw. Post, but allowed himself to be doubled by Lee, when Clifford rised a high sacrifice fly to center on which Jastram pitched a registered. Bies received a base on balls and Hutchinson retired the side by flying to left.—One run.

Harvey, the star Giant's southpaw retreated from the firing line, after Flanagan and Jastram delivered two successive singles to the outer garden. Jessup, a tall, rangy colored boy took up the burden where Harvey had deposited it and much to the consternation of the "fans," Mr. Jessup proceeded to strike out Clifford, Bies and Hutchinson in succession on less than a dozen pitched balls. The performance of this remarkable exhibition of twirling can be looked upon in after years by Mr. Jessup, as the crowning achievement of all his base ball career. However, just to show the new comer that he simply was mistaken, he was only too quickly made to realize that the preceding performance was a mere delusion and a snare. O'Mella slammed the second ball pitched safely in the ninth. Ryan bunted perfectly and arrived at first, while O'Mella camped on second. Kraemer advanced each a base on a sacrifice to the first cushion. Post broke the game up and Jessup's smile faded away as O'Mella came home with the winning run when the ball fell in ardent spot out in right field, only a "loose, beautiful single" at the right time and the comat came to an end. One run.

WIPE OUT DRINKING CUP IN WISCONSIN

After September 1st Deadly Disease Spreader Will Be Abolished in State.

It will soon be necessary to install sanitary drinking fountains in the schools of Rhinelander in order to comply with the law regarding the going away with public drinking cups.

After Sept. 1 the use of public drinking cups on trains, in railroad stations, in public, private and parochial schools and in other educational institutions is prohibited in Wisconsin.

An order to this effect was issued by the state board of health at its last annual meeting at Madison on Jan. 28, 1910. Not only is it unlawful to furnish a public drinking cup in the places above named but the common use of a drinking cup is forbidden and those in charge are liable to imprisonment or fine if it is allowed.

It is contended that disease germs are found in the mouths and on the lips of persons who are ill and hence the germs are constantly communicated to any drinking vessel that such persons may use. It has been found upon investigation that diphtheria and other germs remain in the mouths of people as long as three months after they have recovered from disease.

Railway Abolishes Cups The deadly drinking cup is to be abolished at all stations and on trains of the Chicago and Northwestern railway company in this state. Agent Scott of this city has received the following letter from the head offices of the company:

To Agents and Conductors: On and after September 1st, this company will discontinue furnishing common drinking cups at all stations in the state of Wisconsin, and trainmen will collect all drinking cups on passenger trains before passing over the line into Wisconsin and replace them after passing into another state. News agents will have a supply of individual drinking cups which can be purchased by passengers.

Please give this sufficient publicity so as to avoid complaints on the part of passengers when order goes into effect.
